

"In America students discuss what is being done as though they were the audience at a play"—L. K.

## VIEWS and INTERVIEWS

OVER THERE WE'RE NOT COMING—WHAT DO YOU THINK?

Lee McKinsey, Jr.

So It Goes

Civilization marches on and the White Man's burden becomes heavier—so says Mussolini. For some obscure reason, the Ethiopians can not see the situation in the same light. The value of the acquisition of vacuum cleaners, bath-tubs, radios, automobiles, and canned goods of the Western peoples does not appear to be attractive. It is said that Italy will bring the blessings of shoes to a soleless country. Only the Emperor and his family cramp their feet into the professed leather, but more probably paper, foot wear. Not even the Prime Minister has been infused with the spirit of civilization sufficient to wear shoes. Although society is to Ethiopia with a can opener in one hand and a machine gun in the other, its people do not seem inclined to accept the wonders of the modern world and the complexities of the industrial revolution. The housing is poor that over fifteen hundred inhabitants live in one tenement block. Yes, if the Lost Tribe of Israel had its way, it would refuse the laurels of Old Man DePression.

A Disturbing Factor

Nevertheless, Mussolini has assumed that Italy alone can do the job. His position has caused some embarrassment to the nations of the world and especially to the machinery of peace. The press reports that Italy will reject the compromise now being offered. From the very framework of Fascism, with its nationalistic feeling, it is necessary for Mussolini to finish the job successfully. Fascists say that in war all that is good man is brought out. Indeed, good chance to demonstrate.

Professor Allan Nevis of Columbia this month's "Current History" writes, "in one fashion or in another, the dictator, the hero of the hour, has to have his way and his gains." The right or the matter is of little importance. All the colonizing nations have done the same thing in the past. But the peace machinery must be preserved, so the world watches in hope that all of it will not become involved. Incidentally, if Ethiopia is at all similar to that encountered by Cellini's Ferdinand, the Italians seem to have strange tastes.

American Neutrality

Although buried beneath legislation, the last congress made an attempt to keep the United States out of war in the event that a general pandemonium should occur. The result was a compromise between the congress and the White House—The Pittman resolution. This provides that if one of the conflicting nations declares a state of war to be existent, the president may refuse munitions to both participants; may exclude our shipping from dangerous waters, and may also refuse to protect Americans in the affected zones. This is mandatory until February twenty-ninth, 1936. This may not be effective. However, it is highly commendable.

Call to Youth

President Roosevelt's address over the radio to the youth of the nation is an appeal worthy of our appreciation. Here are some excerpts from this address

"People have learned that they can carry their burdens only by cooperation. The individual system of today calls for the collaboration of all of us to provide at least security for all of us. Rules are not necessarily sacred—principles are. The methods of the old order are not, as some would have you believe, above the challenge of youth."

## NEW ORGAN SCHEDULED TO OPEN CHAPEL MONDAY

Mrs. Emily Schlemmer Ormes Will Be Organist For Initial Recital

The new pipe organ now in the process of construction in the Wabash college chapel is a Skinner-Aeolian, an instrument noted for its fine quality of perfect ensemble playing. This organ, ordered last May, was built in Boston, Massachusetts, the fine arts capital of the United States. During the month of August and September skillful artisans were at work placing the delicate pipes in their proper places and adjusting the delicate mechanism of the console.

Before any of the actual work could proceed, the organ chambers had to be enlarged. Some of the huge Bombards and Bourdons are sixteen feet in length, necessitating some marvelous engineering skill in order to get them in the small space in an organ chamber. The men who worked on our organ went without sleep or food at times in order to get the work completed in schedule time. Two Englishmen, a Frenchman, and a Swede, all highly skilled workmen executed the delicate work.

Fredrick Carsen, architect of the Wabash college chapel, designed the great work in front of the pipes so that it will not clash with the Georgian lines of the building.

The Skinner-Aeolian Organ was selected for its marvelous intonation and mechanical perfection.

Mr. G. Donald Harrison of England, chief tonal engineer at the Skinner factory, a man without a peer in his profession, supervised the construction of the organ.

Skinner-Aeolian organs have been installed at the University of Chicago Memorial Chapel, at the Hill auditorium of the University of Michigan, at Minnesota, Illinois, Princeton, Harvard and Yale universities, as well as at the Scottish Rite cathedral in Indianapolis.

The organ is scheduled to be played for the first time next Monday by Mrs. Emily Schlemmer Ormes of Crawfordsville. At a later date a great artist from the east will formally dedicate the wonderful gift.

It is hoped that the generous donor of this mammoth temple of sound will then make his long awaited visit to our campus.

## COUNCIL EVASIVE OVER FRESHMEN HAIRCUTTING

Delts to Hold First Smoker—Others to be Announced Later

President Hanlin of the Senior Council said, in regard to the freshmen who fail to sing "Old Wabash" at the appointed place and time, "There has been no definite decision as to the hair cutting; those who tread the straight and narrow path shall not suffer. Justice will be served."

The Council plans to meet some time next week and at that time appropriations and freshmen smoker dates will be decided. The Council will also be more strict with the freshmen to make up for the laxness of the preceding year.

## OLD WABASH

From the hills of Maine to the western Plain,  
Or where the cotton is growing,  
From the gloomy shade of the northern pine,  
To the light of the southern seas;  
There's a name held dear and a color we cheer  
Wherever we find it glowing  
And the tears will rise to our longing eyes  
As it floats on the evening breeze.  
When the day is done and the western sun,  
Is painting in flashing glory  
Across the skys in gorgeous dayes,  
The color we love so well;  
We love to sit as the shadows flit  
And praise it in song and in story  
We love to shout as the light dies out  
A good old Wabash yell.

Refrain

Our prayers are always thine;  
Our voices and hearts combine  
To sing thy praise when future days  
Shall bring thy name before us,  
When college days are past  
As long as life shall last  
Our greatest joy shall be  
To shout the chorus.

Chorus

Dear Old Wabash, thy loyal sons shall ever love thee,  
As o're thy classic halls—the scarlet flag—  
Shall proudly flash—  
Long in our hearts we'll bear the sweetest mem'ries of thee  
Long shall we sing thy praises Old Wabash.

And loud and long shall echo the song,  
'Till hill and valley are ringing,  
And spread the fame of her honored name,  
Wherever the breezes blow;  
'Till sweet and clear the world shall hear  
The songs of Wabash singing  
Any flying free the world shall see  
Her scarlet banner go.  
The honors won by each loyal son,  
In highest ranks shall instate her,  
Forever more as in days of yore,  
Their deeds be noble and grand;  
Then once again, ye Wabash men,  
Three cheers for Alma Mater,  
What ere befall revered by all  
May she unequalled stand.  
Our prayers are always thine, etc.

Refrain and Chorus

## Campus Sated With Rhynies As Another Year Begins

Another revolution of the wheel of education and life has been completed. Just the major portion of the cycle was passed but now with the advent of the new freshman class, in September, the old gives way and the new gains prevalence.

At first the rhynies are pleased and bewildered. As to the former statement, they find themselves royally welcomed by the various fraternities on the campus. They are the honored guests at the dinner table; they are feted in the evening by a show, or a few hours of good fellowship around the bridge-table or seated in the luxurious lounging-chairs in the sumptuous living-room of the fraternity while being entertained by the radio, victrola, or an informal "sing-fest". He is bewildered by the fact that

as soon as he pledges dear old "Gamma Phi Theta" or "Delta Chi Beta" the members of the other fraternities, who shortly before were overjoyed to see him, promptly lose interest in him and become only frigidly polite to him at the most.

Then, also, he finds that from being the most sought after man at his high-school, he is quickly relegated to the most odious state on the campus, that of the humble neophyte. It is a case of a large frog in a small pool rapidly finding himself to be only a very small frog in a very large pond infested with creatures seemingly bent upon the downfall of his morale.

After a couple of weeks at the fraternity house, "home" as the upperclassmen have urged him to call it, (Continued on Page Four)

## Alma Mater

Words and Music by Carroll Ragan, ex-'01, A. M., '19

Dear Alma Mater, at thy shrine of cherished memories.  
The hosts of Wabash meet to pledge undying loyalty.  
Within these sacred portals thy fires shall brightly flame.  
And herald our devotion to thy most honored name.

These fleeting years we tarry here beneath the Scarlet sway,  
Beguile us with their subtle charms, then quickly steal away.  
Do thou, our Alma Mater, turn back the hand of time—  
Give us this joy forever, and keep our faith sublime.

O, Alma Mater, in thy hands rests all our hopes and fears;  
Thou counsellor in College days—thou guide in riper years,  
Grant now thy benediction; vouchsafe thy care benign,  
That, worthy, we may follow the precepts that are thine.

## INCREASE OF EIGHTEEN SHOWN IN ENROLLMENT

A total of one hundred and thirty-three new students, including freshmen and transferred men, have enrolled in Wabash for 1935-36 it was announced Thursday by the Registrar's office. Of these it had not yet been computed as to the actual number of freshmen and transfers separately.

The 1935 enrollment figure of new students denotes an increase of eighteen men over last fall's registration. One hundred and twenty-two men entered the school for the first time in September 1934.

## HIGH HOPES HELD FOR FRESHMEN FOOTBALL

Freshman football will commence Monday, September 23, according to freshman Coach James J. Paterson. All the freshmen interested are asked to report to the gym at 2:30 Monday when equipment will be distributed. Practice will start at 4:00.

The new material is reported to be above the ordinary for a freshman class. A number of the new men were outstanding high school players. At least seventy are expected to turn out for suits Monday. The usual games are scheduled with Butler and DePauw. Numeral sweaters will be awarded for participation in either game.

## TEKES RETAIN PAN-HEL SCHOLARSHIP TROPHY

Registrar Announces Men With 2.25 Averages or Better—Tekes Gain Second Leg on Contest Award

For the second semester of last year, Tau Kappa Epsilon won the Scholarship Cup awarded by the Pan-Hellenic Council. This was the second time in succession. If the Tekes win again this semester, it will give them permanent possession of the coveted award.

As to individual standing, men having an average of three points, or a straight A average are R. G. Bigler and W. W. Shearer, both of whom are members of Beta Theta Pi. Independents who have this record are A. Colin, W. C. Leavenworth, A. W. McGaughey, M. S. Merrell and V. G. Robinson. Men who have an average between 2.500 and 2.999 are the following: R. C. Elliot, W. Fertig, R. W. Fulton, R. B. Hudson, J. B. Koffend, R. L. McVie, M. J. Morrison, A. F. Rhodes, R. S. Taylor and B. Wenne; all of whom are Betas. Delts with this average are F. A. Appel, F. Fay, W. M. Rasmussen and J. A. Ziegweid. Also H. L. McKinsey, Lambda Chi; W. C. Stephens, a Kappa Sig and John Kingsbury of Phi Gamma Delta; and H. W. Rowe of Tau Kappa Epsilon.

Independents who made this average are C. L. Harbison, R. I. Houghlin, J. R. Hood, V. H. Hough, C. F. Huber, R. E. La Rue, M. B. Reynolds, H. J. Risley, H. W. Rowe, R. W. Shortridge, W. C. Sinnet, C. R. Staines and E. Williamson.

Those whose average is between 2.250 and 2.499 are: Betas—H. H. Johnson, R. E. Murrager, and R. M. Smith; Delts—E. Cox and R. K. Smith; Lambda Chi—E. R. Miller; Kappa Sig—T. W. Mastin and R. M. Matthews; Phi Gam—R. W. Gewecke, F. J. Langiza, C. T. Martin and Phillips; Psi Delt—R. E. Burk; Tekes—M. A. Harris, and L. Jenkins; and Independents—C. S. Bergquist, L. O. Billingsley, H. S. Clabaugh, G. Dawson, H. S. Helton, D. M. Jones, J. U. Kristy, S. T. Patton, B. P. Porzak, C. B. Robison and J. W. Turnbull.

## SCOTT, PRELL, KUONEN, FULTON JOIN FACULTY

Dr. Willis Johnson Takes Position at Stanford University

Students returning to Wabash this fall will notice that several changes have been made in the faculty. Four members have left, and four new ones have been appointed.

Toward the end of last semester Mr. Franz Shubert Prell joined the faculty as instructor in German. He is a graduate of Wabash, class of '34, and took general honors as well as being a member of the national honorary fraternity, Phi Beta Kappa, and having been center on the basketball squad for several years. Besides teaching German, Mr. Prell is the Alumni secretary.

New professor of Zoology is John P. Scott. He received his A. B. degree from the University of Wyoming in 1930, and was a Rhodes Scholar to Oxford university, where he attended Lincoln college. Here he got an A. B. degree in 1932. Following this he made his Ph. D. degree at the University of Chicago in 1935, thesis in genetics. He was interested in sports, playing football for Wyoming, where he was also on the track team. In England he played Rugby, and was again a track man. Professor Johnson, into whose position he steps, has accepted an offer to become Associate Professor of Biology at Leland Stanford university.

Physics instructor Stanford has left the college to go into utility work in this city, and has been followed by Mr. Charles E. Kuonen, a graduate of DePauw university in 1933. His home was in Darlington, Ind.

Taking the place of Loyal Suter, instructor in botany, is Mr. Robert Fulton, who graduated from this school last year. He is the Proctor of Forrest Hall.

## FOOTBALL PROSPECTS ARE LIGHT FAST TEAM

Losses Suffered Through Graduation May Be Made Up In Lighter, Faster Men

"Wabash always fights" will sound again from Ingalls field when the Scarlet meets Oakland City College for the season's opener on September 28. Although little can be said of the year's prospects so early in the season, no one can help but notice the spirit and pep that prevades the Little Giant practice sessions. Thirty-five men responded to the call last week and already practice has settled down to the determined quality that has always characterized the Wabash athletic teams.

"Graduation has hit us pretty hard", was the only comment that The Bachelor correspondent was able to draw from Coach Pete Vaughan, yesterday. The holes left by Blackmore, Stierwalt, Joyce, Burns, Mueller and Gerow will be difficult assignments to fill but there is no doubt that a winning combination will be found before the first clash.

Of the ninety men returning, very few are certain permanent berths on the regular teams. Around the center and end positions especially is that promise of a real struggle for the coveted opportunity. The returning men are Snyder, Riggs and Luzar in the backfield. In the line are Adler, David, Gewecke, Hart, Home, J. Johnson, E. Joanson, Long, Moring, Terhune, Wolff, Hanna, Schnurr, Hoke and Herr.

The sophomores have a number of men who should see action this year. They are Alfrey, Berquist, Cooney, Ford, Gruca, Heintz, Klokoski, Marsh, Slick, Tausscher, Larrabee, Seidener, Langfitt and Tourree.

According to all indications this year's team will resort to speed and deception. As a group the men are light but exceptionally fast. In shaping his line of attack, Coach Vaughan will undoubtedly build his offensive around this feature.

The first dummy scrimmage was held last Wednesday afternoon. A number of brand new plays were experimented upon with very satisfactory results. However, regular scrimmage will probably not commence until late next week.

The varsity football schedule is as follows:

Sept. 28—Oakland City, here.  
Oct. 5—Earlham, there.  
Oct. 12—Franklin, there.  
Oct. 19—Rose Poly, here.  
Oct. 26—Manchester, here.  
Nov. 2—Ettler, there.  
Nov. 9—Evansville, here.  
Nov. 16—DePauw, here.

## Fraternities Place Buttons on Rhynies

Seven of the eight national fraternities here have announced their pledge lists. Lambda Chi Alpha did not announce its list.

Beta Theta Pi—Jack Messick, Otto Janus, Jack Elliott, William Pack, William Kitzmiller, Thomas Billings, Richard McCreary, William Vosloh, Joseph Mayberry, Donald Landis, Richard Umble, Jack Rich, and Joseph Fulton.

Delta Tau Delta—Noble Dean, Jack Curry, Carter Tharp, George Favorite, and Bill Hollinger.

Tau Kappa Epsilon—Bud Rhodes, Harry Hunt, Robert Campbell.

Phi Gamma Delta—Robert Long, Ed Rohrs, Al Baur, Max Gilbert, Bill Wright, Wayne Hanscom, George Emerson, George Gilbert, Bill Smits, Clegg Walker, Bill Call, Ike Reynolds, Harvey Wilsey, and Maynard Darnell.

Phi Delta Theta—Herbert Keck, Eugene Johnson, Thomas Ferling, Wayne Lloyd, D. Custis, B. Jacques, Ward Schaub, Robert Kendall, William Schlock and Harry Stout.

Sigma Chi—Charles Gifford, Don Robertson, Don Seymour, Dick Dearborn, John Hanna, Frank Kobal, Gilbert Supple, and Roger Layne.

Kappa Sigma—Arthur Moore, Clifford Zaverneck, William Baker, Robert Showalter, James Beavers, William Sidener.

## WELCOME FRESHMEN

When we left school last spring, those of us who were to return saw a gap in the ranks, a hole made by the departing seniors. This fall we find that empty space filled by the influx of new men; boys entering Wabash whose shoes to fill the shoes of the departed class. Wabash depends on its new men to carry on the traditions of the past, to keep the honor already won, and to bring to her new honors more striking and important than ever. It is in the freshmen class, during the first few days, that Wabash is particularly interested. The college shows its interest by helping the freshmen solve their problems, by aiding them to get satisfactorily settled; the fraternities show their interest in the newcomers and belief in their importance by the hectic times that accompany rush week as well as in the smokers that follow; the students show their interest in friendliness. The Bachelor takes this opportunity to do its part. Our hearty feeling we give in two words, **WELCOME FRESHMEN!**

## FRESHMEN SMOKERS WILL BEGIN EARLY NEXT WEEK

As has been the custom in the past, a series of smokers will be given for freshmen in the different fraternity houses this year. The purpose of these smokers is to teach the school songs, "Old Wabash" and "Alma Mater," to them. The first meeting will be held Tuesday evening, September 4, at the Delta Tau Delta house, 506 west Wabash avenue. Dates for meetings at other houses will be announced later.

As these meetings are for the benefit of freshmen and usually very interesting, different members of the faculty speaking at them, all freshmen are invited to attend.

Due to the fact that last year's colyumist has decided to seek the finer things in life this year—(?) "we" will attempt to carry on and descend to the depths laid below us by our inimitable predecessor. We do hereby pledge ourselves to support the good, fine and noble things of the college and to make this colyum a bulwark of respectability. We have spoken.

All ye with troubled consciences or, if you have no consciences, shady pasts—beware! The New Deal has finally invaded the Athens of America and not one wolf, but two wolves will haunt your door this winter. Ye may dodge one of us but the other one will find you and record your evil doings.

During our nightly prowls (for news) we wandered into the advanced class in Strand (11 and 12). We are glad to see the boys appreciate the better things about the institution. Every eye was focused straight ahead and in those eyes—but you know Wabash men! The students were ably abetted in cracks wise and otherwise by a certain employee of the Crawford Billiard Parlor.

Q. H. FLACCIS (Dats plural)

## MANY NEW IMPROVEMENTS SHOWN IN GREEKS HOUSES

There have been quite a few improvements made in the fraternity houses around the campus this summer. The Delta Tau's have given their house a coat of paint, which improved greatly its looks. Also they had the walls on the inside washed, and have purchased a new carpet for the front hall.

The interior of the Beta house is greatly improved from last year by the addition of new closets and desks. They have also had their screens and woodwork on the outside of their house painted. The Phi Delt's have also purchased new dining room and porch furniture for their house. They have redecorated and refinished the bathrooms too. Another

## STUDENTS OF ECONOMY....

Can be snappy dressers on a very small allowance if they buy their clothes at Penny's! Sports togs, sweaters, sox and shirts are famous for good styling, long wear and low prices! Try them! The "pater" will be so impressed!

It pays to shop at

improvement is their new cook.

The Phi Gam's have refinished the floors in their house. The Sigma Chi's have redecorated the interior of their house and have also purchased new furniture, a new radio, and have had the piano completely refinished. The Kappa Sig's have had all their study room painted, have purchased porch furniture, new rugs, and a large star and crescent to be hung above the front door. They have also fixed up a new ping pong room with a new table.

The Lambda Chi's redecorated several of their rooms and the Tekes redecorated their upper floor and purchased new furniture.

## SPEAKERS BUREAU NOTES

A total of eight-eight speeches, discussions and lectures were made before various schools, clubs and other organizations last year by members of the Wabash Speaker's Bureau Dr. William Brigrance, professor of speech, has stated. Leader among the fourteen students who delivered speeches was Charles E. A. Moore, who was engaged a total of twenty-two times. Moore was followed by Andre Rhoads, Delancy Jones, and James Shephard

who appeared on twelve, eight and seven occasions respectively.

Dr. Brigrance has received communications that Robert M. Vogel, '35, a debater for four years at Wabash, president of last year's senior class, and one of the commencement speakers last June, has accepted the position as professor of speech at Adrian College, Adrian, Michigan. He replaces John W. Black, Wabash, '27.

The Scarlet Masque will hold a meeting at the Phi Gamma Delta house Tuesday evening at 8 o'clock. The officers for the coming year will be elected.

## INTRAMURAL

With the beginning of varsity football, non-participant athletes in that sport will turn their attention to intramural touch football and to the forthcoming tennis tournament for their bit of sporting activity. The tennis tournament will be open to all who have not previously been varsity tennis members.

As in the past the tennis tournament will be governed by match play while the touch football will be played by the round-robin system. It is likely that a series of practice games will be played before the football tournament commences on September 30. Game schedules will be announced in a later edition.

LOCAL EXPOSITION WILL  
FEATURE MUSIC FESTIVAL

Strand Amateur Night is Prologue to Gala Event—C. H. S. Band to Give Parade and Concert

As a special feature of The Crawfordville Exposition, a community affair sponsored by the merchants of Montgomery County, the Chamber of Commerce has instituted Music Week, which will officially begin on the first day of October. The amateur hour held at the Strand theatre each Thursday evening for the past several weeks is a prelude to

the Music festival itself. The winner of the contest will play for the festival and will receive a prize of ten dollars.

This week will open with a parade and concert at the courthouse, played by the Crawfordville high school band on October 1, at 7:00 p. m. At 1:30 the Crawfordville Exposition will officially open in the Jackson building, south Washington street. Admittance is only by tickets which can be procured free from exhibitors.

At 10 o'clock on the morning of Wednesday, October 2, the Hill Billys will hold their musical contest. On the same afternoon at 2 o'clock, the American Legion community band will appear on the rostrum of the

courthouse. In the evening we shall have a special treat in store for us. The American Legion Auxiliary (Women's) Bugle Corps, national champions in 1933-'34-'35, will strut its stuff in front of the courthouse square. This will take place at 8 p. m. On this same afternoon will be heard an address by the American Legion state commander. The exposition will be open both afternoon and evening as long as the festival is in progress.

On Thursday, October 3, at 10 o'clock in the morning will occur the contest for out-of-town choral groups. This fifty dollar prize contest will take place on the podium of the courthouse. At 4 o'clock the Patriotic

Order of Sons of America brass band will play on the courthouse lawn. At 4:30 there will be community singing led by the choral groups. The American Legion band will again offer its services at 7:00 p. m.

On Friday, October 4, at 10 a. m. there will be a parade of the contest bands. The Wabash College band has been invited to participate in the Friday portion of the program. The festival will wind up with the rural band contest at 1:00 p. m. There will be \$250 in prizes for the competing bands.

All men interested in working on the business staff of The Bachelor for the coming year will please meet at the Phi Gamma Delta house at 1:30 o'clock Monday afternoon.

COMPETE LINE OF HUNTERS SUPPLIES

DON'T START TO CLASSES  
Without School's Finest Tool!

The Parker Vacumatic—  
Invented by a University  
Professor to replace pens  
that suddenly run dry in  
Classes and Exams

Holds 12,000 words of ink—102%  
more than old style . . . When  
held to the light you can see the  
Ink Level—see when to refill!

THE marvelous new Parker Vacu-  
matic is no more like the pens of  
yesterday than your 1935 car is like  
a '25 model.

It's the identical pen you've often  
said that someone ought to invent.

Scores of inventors tried to—fully  
250 sacless pens were patented be-  
fore this miracle writer was born.  
But none found a way to surmount  
the mechanical faults of squirt-gun  
piston pumps, valves, etc.

Then a scientist at the University  
of Wisconsin conceived the Vacu-  
matic. And Geo. S. Parker, world's  
leading pen maker, agreed to develop  
it because it contained no rubber sac  
or lever filler like sac-type pens—no  
piston pump as in ordinary sacless  
pens.

That's why Parker can—and  
DOES—guarantee the Vacumatic  
MECHANICALLY PERFECT!

Because there is nothing else like  
it, the United States and foreign  
countries have granted Parker  
patents.

This original style creation intro-  
duces luminous laminated Pearl and  
Jet—yet when held to the light the  
"Jet" rings become transparent, re-  
vealing the level of ink!  
Step into any good store selling  
pens, and see it. The Parker Pen  
Company, Janesville, Wis.

FREE! Send a Post Card for  
New Ink That Cleanses  
Any Pen As It Writes  
Parker Quink—a remarkable new  
ink—contains a harmless ingre-  
dient that dissolves sediment left in pens by  
ordinary inks. Ends clogging. Get it from any  
store, or send your address for small bottle to  
try, FREE. Address, Dept. 711.

# CAMPUS SATED

(Continued from Page One)

he sees the veneer of urbanity peeling off revealing the coarse interior. Instead of a kindly "Let me give you a light?" he hears "Curse, swear, where in profane oath are all of those proscribed freshmen with lights."

He finds himself forced to do menial labor, such as sweeping dusting, scrubbing and waxing the floors and a myriad other little things. One house often derided for its femininity is hiring somebody to clean the house for the freshman (what will they do to keep the freshmen in their place and busy?).

However, this year's freshman class apparently has one consolation, (it will not be bitterly contested by the all-knowing sophomores), that is, one of the fairer sex of Crawfordsville was overheard commenting on the fact that "the new freshmen make a much better showing than last year's men. They seem older and not quite so dumb." Of course everybody realizes that this is not to be taken too seriously, because that same say-

ing has been in use for many decades and also that the girls who speak that way are in no position to make any such criticisms concerning the apparent amount of intelligence that any individual shows.

As a highly successful man recently said, while giving advice to a group of young people beginning a new era in their existence:

"Lives of great men all remind us,

We could make our lives sublime  
Had we just the inclination, genius,  
Fortitude and time."

The Wabash Independent Association will hold its first meeting of the year next Tuesday evening at 7:30 o'clock in the new Union Room in Forrest Hall. The meeting is open to all unorganized men. Freshmen are cordially invited to attend.
